TEXT

Meerim: Hello

Albina: Hi

Meerim: What have you been doing this week?

Albina: This week I've been pretty busy with studying and helping around the house. I've also spent some time teaching English online which I really enjoy. And what about you?

Meerim: This week my exams finished and so I helped with the housework and finally got some rest. It was a very calm and nice week.

Albina: By the way, which countries have you wanted to visit? (means 'do you want to visit')

Meerim: I'd love to visit Japan. I'm very interested in their culture, traditions, and of course anime and food. So, how about you?

Albina: I have wanted to travel to France since I was a child. I want to see its beautiful places and learn its culture.

Meerim: Nice.

Meerim: What do you tell about Kyrgyz culture for our students?

Albina: Let me see. I want to tell the students that Kyrgyz culture is very friendly. And what do you think?

Meerim: Yes, I agree with you. Kyrgyz culture is very rich and unique. We have strong traditions, beautiful songs, and our people are known for their hospitality.

Albina: We had a good discussion today.

Meerim: Yes.

Albina: Bye.

Meerim: See you.
